Welcome to Southern Housing

Thank you for your interest in wanting to join Southern Housing in one of the following roles:

- **Board Member and Chair of the Development Committee**
- **Independent Member of the Development Committee**

We are amongst the top ten largest social housing landlords in the country, with a long history of commitment to supporting the communities our residents call home and investing in new and existing homes and services so people can thrive.

Southern Housing was formed just over three years ago from the merger of Optivo and Southern Housing Group. Since that time, we have worked hard on the integration of our two associations and have achieved a lot, including the awarding of G1, C2 and V2 governance ratings by the Regulator of Social Housing and significant extra investment in our existing homes.

However, these are challenging times, and we need to do more. We are introducing our new corporate strategy for 2026-30, for which the Board has agreed three key goals:

- To deliver a repairs service that is highly rated by our residents and efficiently delivered by us, by 2027
- To provide smooth, professional and responsive services to our residents, by 2028
- To be an efficient and high performing resilient organisation that builds capacity for investment in building new social homes, by 2029.

We're keen to recruit to these roles to bring specialist expertise and insight in development, regeneration and construction both on the Board and on our Development Committee.

Key qualities for the people we're looking for are listed on the following page.

ROLE	Board Member and Chair of Development Committee	Independent Member of the Development Committee
EXPERIENCE	<ul style="list-style-type: none"> ● Senior leadership background in construction ● Experience overseeing major development, regeneration or capital delivery programmes ● Strong commercial and procurement experience ● Understanding of the operating context for housing associations and long-term development investment. 	<ul style="list-style-type: none"> ● Senior experience in either construction delivery or regeneration programmes ● Experience reviewing development appraisals, procurement strategies and contracting structures ● Exposure to large capital programmes and complex project environments.
SKILLS	<ul style="list-style-type: none"> ● Ability to Chair the Development Committee and operate effectively at Board level ● Capability to support and challenge the Executive Team ● Strong commercial judgement and strategic thinking ● Ability to oversee development strategy, programme risk and delivery performance. 	<ul style="list-style-type: none"> ● Ability to scrutinise construction delivery, programme risk, cost and contractual structures ● Commercial understanding of development agreements and procurement routes ● Ability to assess development viability and delivery strategy.
ATTRIBUTES	<ul style="list-style-type: none"> ● Mature judgement and high emotional intelligence ● Supportive leadership style that enables effective discussion and challenge ● Ability to maintain strategic oversight rather than operational involvement ● Confidence to contribute independent perspectives within Board discussions. 	<ul style="list-style-type: none"> ● Practical, delivery-focused perspective with real project experience ● Comfortable providing commercial challenge within Committee discussions ● Collaborative approach when working with Executive development teams.
BOARD EXPERIENCE	<ul style="list-style-type: none"> ● Highly desired. Candidates should ideally have prior non-executive or Board experience, with the personal capability and credibility to Chair a Committee. 	<ul style="list-style-type: none"> ● Not essential. Strong technical and commercial expertise in construction or regeneration is the priority.

These are key appointments for us. We're looking for individuals who share our values and purpose and are collegiate in their leadership style.

If the above introduction to Southern Housing and the respective roles are of interest to you, then we look forward to hearing from you.

Trudi Elliott
Chair of the Board

Our history and looking to the future

With roots stretching back to 1901, Southern Housing was formed from the merger of Southern Housing Group and Optivo in December 2022.

Today, Southern Housing owns and manages over 80,000 homes – almost half of which are in London, with the remainder in the South East, the Isle of Wight and the Midlands.

As we celebrate 125 years, we continue the legacy of our founders. Our charitable purpose remains to provide homes for those in housing need, now and long into the future.

We believe in listening to and engaging with the 167,000 people who live in our homes.

Southern Housing has a well-established resident governance structure covering all regions, overseen by a Resident Experience Committee, and supported by our Resident Scrutiny Panel. We're unique amongst large landlords in having four resident places on our main Board.

INVESTING IN EXISTING HOMES

At merger, the Board resolved to prioritise investment in existing homes. Since then, we've increased investment in repairs and maintenance by 31%. Whilst this has been necessary, it does mean less capacity for developing new homes. Additional development is restricted until we recover 100% EBITDA-MRI cash interest cover in 2029/30.

By amalgamating our legacy businesses at the point of merger we were able to commence integration immediately.

Integration has now completed. This has enabled our focus to shift to the transformation of processes, systems and services.

OUR PROGRESS AND GOALS

Eighteen months from merger we had our first regulatory inspection as a new organisation. We were delighted to recover the highest G1 grading for governance and maintained our V2 rating for financial viability. Southern Housing was one of the first registered providers to be given a consumer grading.

Our C2 grading was a fair reflection of progress in summer 2024. However, we're ambitious to achieve the highest C1 grading by our next regulatory inspection in 2028.

Given our constrained financial capacity and our focus on what matters most to residents, the Board have set three ambitious goals for the next three years:

- Firstly, we aim to deliver a repairs service that is highly rated by our residents and efficiently delivered by Southern Housing and our contractors by 2027. Our regulatory inspection confirmed what we already knew – that we need to improve our repairs service. Repairs and maintenance are the biggest drivers of resident satisfaction, the biggest source of complaints, the biggest area of failure demand and our biggest budget. We're therefore focusing our transformation resources on improving repairs and maintenance.
- Secondly, we're ambitious to achieve a C1 consumer grading by our next regulatory inspection. We know improving repairs and maintenance is one of the main drivers of the C rating. It will also improve complaint handling – which is the other major service area that needs to be improved. We're regarded as a leader for resident governance and engagement and we're confident by listening to and co-creating with residents, we will improve our Tenant Satisfaction Measures and be worthy of a C1 grading by 2028.
- Our third goal is to improve our financial strength. We'll drive £30 million of efficiencies out of our cost base by 2029. We'll do this by streamlining our business, focusing on the things that matter most to residents, and transforming our systems and processes to remove waste and improve resident satisfaction. Our goal is to achieve 100% EBITDA-MRI cash interest cover by 2029/30.

THE FUTURE

This is a challenging but exciting time for Southern Housing. Our three goals are clearly established within our Strategic Plan 2026-30:

www.southernhousing.org.uk/strategicplan

If we maintain a relentless focus on our goals, continue to co-create with residents and colleagues, and ensure our transformation work is laser focused on the things that matter most, we will build the foundations for a new era of growth and opportunity from 2029 onwards.
